**Cardinal Timothy M. Dolan, Archbishop of New York**

Are American liberties on the endangered species list? In this eBook original, the Archbishop of New York and president of the United States Conference of Catholic Bishops issues a plea for all citizens to reject the cynicism of the day and foster a culture in which religious freedom and all human life are infinitely valued.

Religion and the dignity of human life are under attack by a variety of threats in the modern world including abortion, infanticide, eugenics, misuse of artificial reproductive technologies, an unjust distribution of economic resources, war, the arms trade, drugs, and human trafficking. What can be done to stop this? Cardinal Timothy Dolan explains the need for all Americans to embrace a new culture rooted in what Blessed John Paul II called the Gospel of Life where the sacredness of all human life, and the freedoms that are their birthright, are upheld, respected and protected by law.
