Corporate Actions: A Guide to Securities Event Management (The Wiley Finance Series) Michael Simmons, Elaine Dalglish

Corporate actions are events that affect large corporations through to the individual investor - even those that own a single-share! All organizations that hold equity and debt securities for themselves and/or on behalf of others are affected when the issuer of a security announces an income or corporate action event. The successful management of the array of different event types requires understanding of the inherent risks, and tight controls at critical points in the event lifecycle. The management of income and corporate action events are important and essential parts of the securities industry business. Written by authors with many years experience within this sector, Corporate Actions: A Guide to Securities Event Management sets out to demystify the subject and provides a thorough, step-by-step introduction to corporate actions and income events.

Corporate Actions is a comprehensive source for understanding a major component of operational processing. The individual components and their relation to each other within the corporate actions lifecycle are explained in detail, through which the reader will gain a clear and thorough understanding of the lifecycle together with potential processing risks and the strategies to mitigate

Corporate Actions is essential reading for all those involved in the securities industry, from new recruits to those involved in both the day-to-day operations process and those within executive management. It will also prove invaluable to those providing consultancy and software solutions to the securities industry.

Corporate Actions is the first major work on this subject. Many people within the securities industry have heard of corporate actions - many people know they can be highly risky - many organizations have lost vast sums of cash in attempting to process them - very few understand them!

The Enjoyable blend here cannot be questionable, such as treasuring beautiful island. So do you still want to miss the item? Find this book and read it from currently!

Calvin Cline:

As a scholar exactly feel bored for you to reading. If their teacher inquired them to go to the library or to make summary for some publication, they are complained. Just very little students that has reading's internal or real their interest. They just do what the instructor want, like asked to the library. They go to there but nothing reading very seriously. Any students feel that looking at is not important, boring and also can't see colorful images on there. Yeah, it is being complicated. Book is very important for you personally. As we know that on this period, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore this Corporate Actions: A Guide to Securities Event Management (The Wiley Finance Series) can make you truly feel more interested to read.
