Eldercare: A Clinical Primer for Volunteers George H. Weber

The plight of the elderly is a growing concern throughout Western society. In Dr. George H. Weber's new release *Eldercare: A Clinical Primer for Volunteers*, aspects of caregiving and volunteering with the elderly are discussed in a compassionate and practical manner.

Through various techniques, from affirmation and support to encouraging expression and active listening, *Eldercare* discusses how important it is for society to look after and respect this often neglected segment of society.

Dr. Carole Cox, Professor at Fordham University says *Eldercare* "fills a noticeable gap in the literature related to volunteering." With 40 case examples to study, volunteers and caregivers have many real-life experiences to draw on to employ in their own work.
