Imperial America: The Bush Assault on the World Order John Newhouse

In the aftermath of September 11, 2001, most of the world was ready to accept American leadership in a war against terrorism. Yet within a year the United States was estranged from its allies and enmeshed in a costly and increasingly deadly occupation of Iraq, while virtually ignoring potentially great threats from other parts of the world. In this measured but forcefully argued book, the distinguished foreign correspondent John Newhouse shows what went wrong.

Timely, knowledgeable, and filled with vivid portraits of such figures as George W. Bush Tony Blair, Donald Rumsfeld, and Dick Cheney, **Imperial America** is an indispensable book.

From the Trade Paperback edition.
