Rethinking Synagogues: A New Vocabulary for Congregational Life

Lawrence A. Hoffman

Rethinking Synagogues: A New Vocabulary for Congregational Life Lawrence A. Hoffman

Synagogues are under attack, and for good reasons. But they remain the religious backbone of Jewish continuity, especially in America, the sole Western industrial or post-industrial nation where religion and spirituality continue to grow in importance. To fulfill their mandate for the American future, synagogues need to replace old and tired conversation with a new way of talking about their goals, their challenges and their vision for the future.

In this provocative clarion call for synagogue transformation, Rabbi Lawrence A. Hoffman summarizes a decade of research with Synagogue 2000 a pioneering experiment that reconceptualized synagogue life providing fresh ways for synagogues to think as they undertake the exciting task of global change.
