Keith likes to drive through the part of the college town where the sororities are located because he has hopes of finding willing girls and women there. That they are willing to get into his car is good enough for him, because he knows how to make them do what he wants once they are inside with the doors closed. One night, he meets a young woman he did not expect to see, and it turns out to be the last mistake of his life.

This is a short story, approximately 2,500 words, and is not intended to be erotic. It is the tale of a man who runs afoul of the wrong woman, but I won't say anything about the end. The action is brutal and is described in graphic and explicit language from the viewpoint of a psycho. The book is intended strictly for adults who are not squeamish.
