Dr Beeching's Axe 50 Years On: Memories of Britain's Lost Railways Julian Holland

Julian Holland's *Dr Beeching's Axe 50 Years On* is a unique memorial to all that was lost following the publication of the 'Beeching Report' on 27 March 1963. Uniquely, the author has tried to include every railway line that was closed as a result of the 'Beeching Report', and more. They are all shown on Map 9 in Part 2 of the 'Report' and have been annotated for clarity at the beginning of each regional chapter in the book. Needless to say it is not plain sailing: there are lines that were marked for closure on the maps but were closed before publication of the 'Report'; there are lines that were not originally on Beeching's original hit list but which were closed anyway; there are lines that were originally marked down for closure but which were fortunately reprieved. There are even one or two which seem to have not existed at all! The author has included them all.
