Holism—the idea that all life is connected, evolving and sacred—is the new spiritual movement sweeping through the planet. Soulution—The Holistic Manifesto is its voice. Are you part of the remarkable movement transforming people’s lives all over the world? Millions are. Born out of the global village, a new spirituality is sweeping through the planet, bringing about hope, love, wisdom, and effective solutions—a powerful healing force for the great challenges of our time. The signs of this emerging movement are everywhere, from the mass media to the private acts and beliefs of millions of people from all cultures. In this vital and visionary book, William Bloom fully describes how the dynamics of the modern world have converged to give us this new and practical philosophy of life, alive with hope and integrity. In a world filled with political and religious conflict, holism disarms fundamentalism yet honors difference. In a society confused about its direction and morality, holism demonstrates the dynamic link between personal fulfillment and global responsibility. Soulution is a profound yet practical book, an oasis of common sense and wisdom, encouraging readers to open their hearts and minds to the healing of self and society that is now available.
