Territory, Authority, Rights: From Medieval to Global Assemblages Saskia Sassen

Where does the nation-state end and globalization begin? In *Territory, Authority, Rights*, one of the world's leading authorities on globalization shows how the national state made today's global era possible. Saskia Sassen argues that even while globalization is best understood as "denationalization," it continues to be shaped, channeled, and enabled by institutions and networks originally developed with nations in mind, such as the rule of law and respect for private authority. This process of state making produced some of the capabilities enabling the global era. The difference is that these capabilities have become part of new organizing logics: actors other than nation-states deploy them for new purposes. Sassen builds her case by examining how three components of any society in any age--territory, authority, and rights--have changed in themselves and in their interrelationships across three major historical "assemblages": the medieval, the national, and the global.

The book consists of three parts. The first, "Assembling the National," traces the emergence of territoriality in the Middle Ages and considers monarchical divinity as a precursor to sovereign secular authority. The second part, "Disassembling the National," analyzes economic, legal, technological, and political conditions and projects that are shaping new organizing logics. The third part, "Assemblages of a Global Digital Age," examines particular intersections of the new digital technologies with territory, authority, and rights.

Sweeping in scope, rich in detail, and highly readable, *Territory, Authority, Rights* is a definitive new statement on globalization that will resonate throughout the social sciences.

Sonia Cancel:

You will get this Territory, Authority, Rights: From Medieval to Global Assemblages by look at the bookstore or Mall. Merely viewing or reviewing it could to be your solve problem if you get difficulties on your knowledge. Kinds of this book are various. Not only simply by written or printed but can you enjoy this book through e-book. In the modern era including now, you just looking from your mobile phone and searching what your problem. Right now, choose your personal ways to get more information about your reserve. It is most important to arrange you to ultimately make your knowledge are still upgrade. Let's try to choose right ways for you.

Stephen Redmond:

As a scholar exactly feel bored to reading. If their teacher expected them to go to the library or even make summary for some reserve, they are complained. Just small students that has reading's heart or real their hobby. They just do what the instructor want, like asked to go to the library. They go to there but nothing reading very seriously. Any students feel that examining is not important, boring along with can't see colorful images on there. Yeah, it is to become complicated. Book is very important in your case. As we know that on this era, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore this Territory, Authority, Rights: From Medieval to Global Assemblages can

make you truly feel more interested to read.
