Neuromuscular (Rehabilitation Medicine Quick Reference) John C., MD Kincaid, Nathan D., MD Prahlow

Designed for the busy practitioner, *Neuromuscular* provides succinct coverage of the assessment and treatment of a wide spectrum of neuromuscular diseases and conditions ranging from common to extremely rare and from relatively benign to universally fatal. Including more than 90 topics presented in a consistent format for maximum clinical utility, this nuts and bolts resource delivers point-of-care information for effectively managing peripheral nerve disorders and neuromuscular pathologies. The book is organized in seven broad sections covering mononeuropathies, polyneuropathies, the neuromuscular junction, motor neuron disease, radiculopathies and plexopathies, muscle diseases, and movement disorders. Within these sections the authors address the individual and varied diseases and syndromes that comprise the field of neuromuscular and electrodiagnostic medicine and offer a clinical roadmap for evaluation and treatment. With the improvement of function as the primary goal, the book focuses on diagnoses usually managed by neurologists and physiatrists and facilitates the relationship between these fields in the treatment of neuromuscular disease.

Every entry is standardized for quick look-up in the office or clinic, and features description, etiology, risk factors, clinical features, natural history, diagnosis, red flags, treatment, prognosis, helpful hints, and suggested readings.

All *Rehabilitation Medicine Quick Reference* titles provide:

- Consistent Approach and Organization--at-a-glance outline format allows readers to find the facts they need instantly
- Concise Coverage--of must-know information broken down into easy-to-locate topics
- Fast Answers to Clinical Questions--diagnostic and management criteria for problems commonly encountered in daily practice
- Hands-on Practical Guidance--for all types of interventions and therapies
- Multi-Specialty Perspective--ensures that issues of relevance to all rehabilitation team members are addressed
