John Muir

The Mountains of California by John Muir: Vook Classics John Muir

With a poet's sensitivity and a naturalist's eye, Muir celebrates the Sierra Nevada, which he dedicated his life to saving, and recounts his breathtaking visits to Yosemite Valley, Kings Canyon, Sequoia Groves, and Mount Whiskey. "The Mountains of California" is an affecting celebration of raw nature by one of its most ardent defenders.

This special Vook edition is supplemented with original illustrations from an early print edition of the book.
