**Corrosion Control for Offshore Structures: Cathodic Protection and High-Efficiency Coating** Ramesh Singh

A variable game changer for those companies operating in hostile, corrosive marine environments, **Corrosion Control for Offshore Structures** provides critical corrosion control tips and techniques that will prolong structural life while saving millions in cost. In this book, Ramesh Singh explains the ABCs of prolonging structural life of platforms and pipelines while reducing cost and decreasing the risk of failure. **Corrosion Control for Offshore Structures** places major emphasis on the popular use of cathodic protection (CP) combined with high efficiency coating to prevent subsea corrosion. This reference begins with the fundamental science of corrosion and structures and then moves on to cover more advanced topics such as cathodic protection, coating as corrosion prevention using mill applied coatings, field applications, and the advantages and limitations of some common coating systems. In addition, the author provides expert insight on a number of NACE and DNV standards and recommended practices as well as ISO and Standard and Test Methods. Packed with tables, charts and case studies, **Corrosion Control for Offshore Structures** is a valuable guide to offshore corrosion control both in terms of its theory and application.

- Prolong the structural life of your offshore platforms and pipelines
- Understand critical topics such as cathodic protection and coating as corrosion prevention with mill applied coatings
- Gain expert insight on a number of NACE and DNV standards and recommended practices as well as ISO and Standard Test Methods.

### **From reader reviews:**

#### **Blair Kennedy:**

As people who live in the modest era should be update about what going on or details even knowledge to make these people keep up with the era which can be always change and advance. Some of you maybe will update themselves by reading through books. It is a good choice to suit your needs but the problems coming to anyone is you don't know what one you should start with. This Corrosion Control for Offshore Structures: Cathodic Protection and High-Efficiency Coating is our recommendation so you keep up with the world. Why, since this book serves what you want and wish in this era.

#### **Joshua Cameron:**

Hey guys, do you would like to finds a new book to see? May be the book with the subject Corrosion Control for Offshore Structures: Cathodic Protection and High-Efficiency Coating suitable to you? The actual book was written by popular writer in this era. Typically the book untitled Corrosion Control for Offshore Structures: Cathodic Protection and High-Efficiency Coatingis the one of several books that everyone read now. That book was inspired lots of people in the world. When you read this book you will enter the new shape that you ever know previous to. The author explained their idea in the simple way, and so all of people can easily to recognise the core of this book. This book will give you a lot of information about this world now. In order to see the represented of the world in this particular book.

#### **Mary Bradford:**

Are you kind of active person, only have 10 or perhaps 15 minute in your moment to upgrading your mind ability or thinking skill also analytical thinking? Then you are having problem with the book as compared to can satisfy your small amount of time to read it because this time you only find book that need more time to be go through. Corrosion Control for Offshore Structures: Cathodic Protection and High-Efficiency Coating can be your answer as it can be read by an individual who have those short time problems.

#### **John Cotton:**

Is it anyone who having spare time after that spend it whole day by watching television programs or just resting on the bed? Do you need something new? This Corrosion Control for Offshore Structures: Cathodic Protection and High-Efficiency Coating can be the response, oh how comes? It's a book you know. You are thus out of date, spending your spare time by reading in this fresh era is common not a nerd activity. So what these publications have than the others?
