Gun Crusaders: The NRA's Culture War Scott Melzer

Nothing conjures up images of the American frontier and a pick-yourself-up-by-the-bootstraps view of freedom and independence quite like guns. **Gun Crusaders** is a fascinating inside look at how the four-million member National Rifle Association and its committed members come to see each and every gun control threat as a step down the path towards gun confiscation, and eventually socialism. Enlivened by a rich analysis of NRA materials, meetings, leader speeches, and unique in-depth interviews with NRA members, **Gun Crusaders** focuses on how the NRA constructs and perceives threats to gun rights as one more attack in a broad liberal cultural war. Scott Melzer shows that the NRA promotes a nostalgic vision of frontier masculinity, whereby gun rights defenders are seen as patriots and freedom fighters, defending not the freedom of religion, but the religion of individual rights and freedoms.
