What are the key issues facing black women in America today? Does God's Word offer guidance in how to navigate the realities and difficulties posed by those issues? After surveying black women across America to determine which topics are heaviest on their hearts, the authors of *Our Voices* present a very personal and practical overview. Ten women share with the reader their journeys and what they have learned from God's Word about His perspective on key issues facing them as black women. This book provides a powerful challenge to the reader to walk in obedience to God's Word, amid a culture that is bent on rebellion and that beckons us to do likewise.
