Torts (Speedy Study Guides) Speedy Publishing

Tort law is one of the more confusing aspects of law. In short, tort cases are civil cases dealing with one person unfairly causing harm or injury to another through either negligence or misconduct. Because torts are such complicated matters, a reference guide on the subject can be of great benefit. A guide can aid an individual with understanding terms in tort cases. It can also help clarify whether or not a particular case is due to negligence or misconduct.
