This volume contains a peer reviewed selection of the papers presented at the highly successful fifteenth meeting of the European Colloid and Interface Society which was held in Coimbra, Portugal in September 2001 and highlights some of the important advances in this area. The topics covered include Self Assembly in Mixed Systems, Surface Modification, Biological and Biomimetic Systems, Theory and Modelling, New Techniques and Developments, Food and Pharmaceuticals, Dynamics at Interfaces and Mesoscopic and Mesoporous Systems. The volume is of interest to both academic and industrial scientists working with colloidal and interfacial systems in chemistry, physics and biology.

### **From reader reviews:**

#### **Edna Kopec:**

Do you have favorite book? When you have, what is your favorite's book? Publication is very important thing for us to learn everything in the world. Each reserve has different aim or maybe goal; it means that guide has different type. Some people experience enjoy to spend their time to read a book. They are reading whatever they get because their hobby is definitely reading a book. How about the person who don't like reading a book? Sometime, individual feel need book once they found difficult problem or maybe exercise. Well, probably you'll have this Trends in Colloid and Interface Science XVI (Progress in Colloid and Polymer Science).

#### **James Davis:**

Typically the book Trends in Colloid and Interface Science XVI (Progress in Colloid and Polymer Science) has a lot info on it. So when you make sure to read this book you can get a lot of advantage. The book was written by the very famous author. Tom makes some research ahead of write this book. That book very easy to read you can find the point easily after perusing this book.

As we know that book is significant thing to add our know-how for everything. By a guide we can know everything we would like. A book is a set of written, printed, illustrated or blank sheet. Every year ended up being exactly added. This publication Trends in Colloid and Interface Science XVI (Progress in Colloid and Polymer Science) was filled with regards to science. Spend your extra time to add your knowledge about your scientific research competence. Some people has diverse feel when they reading a book. If you know how big benefit from a book, you can truly feel enjoy to read a e-book. In the modern era like today, many ways to get book that you simply wanted.

#### **Michael Aldrich:**

Some people said that they feel bored when they reading a e-book. They are directly felt the idea when they get a half regions of the book. You can choose the actual book Trends in Colloid and Interface Science XVI (Progress in Colloid and Polymer Science) to make your personal reading is interesting. Your own personal skill of reading proficiency is developing when you including reading. Try to choose very simple book to make you enjoy you just read it and mingle the impression about book and examining especially. It is to be 1st opinion for you to like to wide open a book and go through it. Beside that the book Trends in Colloid and Interface Science XVI (Progress in Colloid and Polymer Science) can to be a newly purchased friend when you're experience alone and confuse in what must you're doing of the time.
