Eighteen nurses who served in the United States military nurse corps during the Vietnam War present their personal accounts in this book. They represent all military branches and both genders. They served in the theater of combat, in the United States, and in countries allied with the U.S. They served in front line hospitals, hospital ships, large medical centers and small clinics. They speak of caring for casualties during a conflict filled with controversy--and of patriotism, of the nursing profession and of travel and the adventure of friendship and love.
