Lippincott's Textbook For Nursing Assistants: A Humanistic Approach to Caregiving Pamela J. Carter

Lippincott's Textbook for Nursing Assistants, 3e, has been written not only to help students develop the skills they need to become nursing assistants, but also to introduce them to a very humanistic approach to caregiving. The text uses a conversational, professional writing style, recognizing that many students entering nursing assistant training programs speak English as a second language.

This edition features expanded and updated information and art throughout the text, and includes two new chapters on special care concerns and comfort/rest. A new feature, Words of Wisdom, shares first-hand experiences and anecdotes from nursing assistants in the field.
