## **The Revolutionary Kant: A Commentary on the Critique of Pure Reason** Graham Bird

*The Revolutionary Kant* offers a new appreciation of Kant's classic, arguing that Kant's reform of philosophy was far more radical than has been previously understood. The book examines his proposed revolutionary reform — to abandon traditional metaphysics and point philosophy in a new direction — and contends that critics have misrepresented conflicts between Kant and his predecessors. Kant, Bird argues, was not a flawed innovator but an advocate of a new philosophical project, one that began to be appreciated only in the twentieth century.
