Secrets of Trading Revealed: Learn to Trade with Smart Money Luca Moschini

Secrets of Trading Revealed is an eBook designed to teach you the inner mechanisms of smart money and high frequency trading and how to effectively trade on their side, using accurate and profitable technical analysis.

This eBook will teach you how smart money and the other major players operate in the market and the important role smart money, dark pools and high frequency trading play in today's market.

You will learn how to determine the dominating market direction, what the four market cycles are and how price action is reflected into predictable market waves, how to identify areas of support and resistance and understanding why those areas are there in the first place.

This eBook offers an in-depth view of consolidation and breakout patterns including rectangle (or platform), bull and bear flag, bull and bear pennant, descending, ascending and symmetrical triangle, falling and rising wedge.

You will learn who is in control of price based on those consolidation and breakout patterns appearing on the chart, how consolidation areas are formed and how to position yourself before price breaks out of the consolidation and makes a big move.

You will also learn how breakouts occur, the difference between true breakouts and false breakouts, how to use price action, volume activity and different time frames to confirm the breakout, and how to trade them correctly.

This eBook will give you major insights on how the stock market works and how to deal with today's unique market conditions.

Too often beginner traders enter the market without the necessary knowledge and practice needed. As a result they take excessive, expensive and unnecessary risks hoping for higher returns. This eBook will teach you a very effective way to trade in the market successfully and with confidence.

Enroll in this course now and start trading the market successfully!
