Pirate, a half-blind stray dog, has always had a nose for things, whether it be searching for the next place to get something to eat, or finding a shelter where he could rest safely. However, time comes for him to use his sense of smell for something he never has before. He is called upon to follow the faint scent trail of another stray and her litter of pups, who had all gone missing the previous night. However, his search leads him to an appalling discovery, one that would change his and every other stray's life forever.
