## **Never Again!: The Government Conspiracy in the JFK Assassination** Harold Weisberg

Originally published in 1995, and in the same classic investigative style of *Whitewash* and *Case Open*, Harold Weisberg turns his sharp investigative eye towards the events surrounding the autopsy of John F. Kennedy. Inside *Never Again!* you'll find:

- • The specific truths regarding the autopsy of John F. Kennedy—truths that have for thirty years been buried, distorted, or ignored not only by the government but also by the national press
- • The blatant errors and calculated deceit of the Journal of the American Medical Association in their 1992 reports on the Kennedy autopsy
- • The path of conspiracy leading from the Navy Hospital in Bethesda through the corridors of the FBI to the Justice Department, into the office of the attorney general and eventually that of the president

Weisberg argues this case with exclusive regard for the facts. Facts lead to the book's startling new illuminations. Facts provide a compelling narrative filled with intrigue and laced with outrage. Facts reveal the failure of America's institutions to deal effectively with perhaps its most profound national tragedy. In the face of overwhelming facts, Harold Weisberg justly warns us that this must never again happen!
