The Corridors of Time Poul Anderson

A young man from the twentieth century is recruited to fight in a war that rages throughout time in a classic science fiction adventure from a multiple Hugo and Nebula Award-winning master

College student, ex-marine, and martial artist Malcolm Lockridge is in prison awaiting his trial for murder when he receives an unexpected visit from an extraordinarily beautiful woman named Storm. Claiming to be a representative of the Wardens, a political faction from two thousand years in the future, Storm offers the astonished young man a proposition: freedom in return for his assistance in recovering an unspecified lost treasure. But it is not long before Malcolm realizes that, in truth, he's been recruited as a soldier in the Wardens' ongoing war against their rivals, the Rangers. And this war is different from any that has ever been fought, because the battlefield is not a place but time itself.

Traveling backward and forward through corridors connecting historical epochs separated by thousands of years, Malcolm is soon embroiled in a furious conflict between the forces of good and minions of evil. But the deeper he is pulled into this devastating time war, the clearer Malcolm's ultimate role in humankind's destiny becomes, causing the troubled young soldier from the twentieth century to question whether he's been chosen to fight on the side of good or evil . . . and if such a distinction even exists.

From reader reviews:

Sarah Maddocks:

The book The Corridors of Time can give more knowledge and also the precise product information about everything you want. Why must we leave the best thing like a book The Corridors of Time? A number of you have a different opinion about reserve. But one aim that book can give many data for us. It is absolutely suitable. Right now, try to closer with your book. Knowledge or details that you take for that, it is possible to give for each other; you could share all of these. Book The Corridors of Time has simple shape nevertheless, you know: it has great and massive function for you. You can appear the enormous world by wide open and read a publication. So it is very wonderful.

Juan Higgins:

Do you have something that you like such as book? The e-book lovers usually prefer to opt for book like comic, short story and the biggest the first is novel. Now, why not trying The Corridors of Time that give your satisfaction preference will be satisfied by simply reading this book. Reading habit all over the world can be said as the opportunity for people to know world much better then how they react when it comes to the world. It can't be said constantly that reading habit only for the geeky man but for all of you who wants to be success person. So , for every you who want to start studying as your good habit, it is possible to pick The Corridors of Time become your personal starter.

Inez Tuller:

This The Corridors of Time is great reserve for you because the content which is full of information for you who all always deal with world and have to make decision every minute. That book reveal it facts accurately using great coordinate word or we can say no rambling sentences inside it. So if you are read this hurriedly you can have whole info in it. Doesn't mean it only provides you with straight forward sentences but tricky core information with wonderful delivering sentences. Having The Corridors of Time in your hand like having the world in your arm, information in it is not ridiculous just one. We can say that no guide that offer you world throughout ten or fifteen tiny right but this publication already do that. So , it is good reading book. Hello Mr. and Mrs. hectic do you still doubt that will?

Helen Johnson:

Do you like reading a e-book? Confuse to looking for your preferred book? Or your book ended up being rare? Why so many problem for the book? But any people feel that they enjoy regarding reading. Some people likes examining, not only science book but also novel and The Corridors of Time or maybe others sources were given expertise for you. After you know how the truly amazing a book, you feel need to read more and more. Science e-book was created for teacher or students especially. Those guides are helping them to add their knowledge. In some other case, beside science publication, any other book likes The Corridors of Time to make your spare time far more colorful. Many types of book like this one.
