This book, based on the basic theories of psychological research, deeply analyzes subordinates' psychology and designs approaches and strategies of effective incentive and criticism for leaders in twelve chapters, including confidence incentive, honor incentive, authority incentive, participation incentive, provocation incentive, care incentive, competitive incentive, tolerant incentive, and principles of criticism and punishment to subordinates, to give a comprehensive interpretation on effective arts of incentive and criticism. The content is rich and comprehensive, relaxed and humorous in statement. In terms of comprehensive knowledge and profession, this book is a valuable book on leader's desk to complete their knowledge structure and to improve their management efficiency.
