The Transgender Phenomenon

Richard Ekins, Dave King

The Transgender Phenomenon Richard Ekins, Dave King

"Dave King and Richard Ekins are the leading world sociologists in this field. The book brings together a brilliant synthesis of history, case studies, ideas and positions as they have emerged over the past thirty years, and brings together a rich but always grounded account of this field, providing a state of the art of critical concepts and ideas to take this field further during the twenty first century."

- Ken Plummer, University of Essex

"An outstanding survey of the evolution of trans phenomena, splendidly written, highly informative, scholarly at its best, yet easy to read even for those neither trans nor sociologist. Ekins and King, experts in the field, unroll the panoramas of sex, gender, and transgenering that have evolved during the last decades. For everyone wanting to understand the interaction of women and men and of those who cannot or will not identify with either of these two categories, reading this book is a must, and a real pleasure."

- Friedmann Pfaefflin, University of ULM

This groundbreaking study sets out a framework for exploring transgender diversity for the new millennium. It sets forth an original and comprehensive research and provides a wealth of vivid illustrative material.

Based on two decades of fieldwork, life history work, qualitative analysis, archival work and contact with several thousand cross-dressers and sex-changers around the world, the authors distinguish a number of contemporary transgenering 'stories' to illustrate:

- The binary male/female divide
- The interrelations between sex, sexuality and gender
- The interrelations between the main sub-processes of transgenering.

Wonderfully insightful, The Transgender Phenomenon develops an original and innovative conceptual framework for understanding the full range of the transgender experience.

We all recommend that straight away because this e-book has good vocabulary that can increase your knowledge in words, easy to understand, bit entertaining but nonetheless delivering the information. The article author giving his/her effort to put every word into joy arrangement in writing The Transgender Phenomenon but doesn't forget the main place, giving the reader the hottest as well as based confirm resource info that maybe you can be certainly one of it. This great information can drawn you into completely new stage of crucial contemplating.

Steven Resnick:

As a student exactly feel bored in order to reading. If their teacher inquired them to go to the library or make summary for some e-book, they are complained. Just small students that has reading's soul or real their pastime. They just do what the teacher want, like asked to the library. They go to there but nothing reading very seriously. Any students feel that reading through is not important, boring and also can't see colorful photographs on there. Yeah, it is to become complicated. Book is very important for you. As we know that on this period, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. So , this The Transgender Phenomenon can make you feel more interested to read.
